

Specialized Mental Health Treatment Unit (SMHTU) – Orientation to the Program

SPECIALIZED MENTAL HEALTH PROGRAM

Offenders assigned to the Specialized Mental Health Treatment Unit, are here to receive an individualized focus on their specific mental health needs. Any offender can refuse treatment, and talk to a MH Counselor, if this is what you want to do. However, we hope you will give the program a chance to work for you and also earn some of the incentives that will be available as you progress through the program.

CONDUCT REQUIREMENTS

- Follow the Rules and Regulations of the GDC.
- Required to be “inspection ready” concerning your cell, your property, and your person. A Management Team member will make rounds within the living unit daily.
- Register concerns in an appropriate manner to any inspection team member.
- Appropriately dressed when leaving cell.
- Movement within dorm is under direct escort by Security/Staff.
- No boisterous, profane, vulgar or obscene language.
- Participation in homosexual behavior or any sexual behavior (masturbation) or activity with any person will subject you to major disciplinary action.
- No trading, swapping or lending anything, no matter how small in value or size will take place between you and other offenders.
- Do not interfere or hinder a staff member from their duty.
- All orders and instructions given to you by prison staff is considered an official order which you must obey.
- Do not perform any careless, reckless, negligent or willful act/behavior which causes a fire or unsafe situation.
- At no time shall a prison locking device or any security equipment be removed or tampered within any manner. If you deliberately damage state property, you will be given a DR (Disciplinary Report) and your account will be temporarily frozen, pending the results of the DR hearing. If you are found guilty, your account will be permanently frozen until you have paid for the damage in full.

PROGRESSION THROUGH SMHTU

An offender is given the opportunity to progress through the four (4) levels of the program based upon his behavior and ability to adjust. Movement between the Levels is based upon the offender meeting or failing to meet the expectations outlined in the offender’s individualized treatment plan. Progress through the levels is contingent on mental health program compliance and therapeutic progress. In general, levels should be dropped or increased one (1) level at a time.

The Mental Health Treatment Team in collaboration with the offender will develop his Treatment Plan during Basic Level of the SMHTU Mental Health Program. The Mental Health Treatment Plan will be utilized to measure the offender’s progress or lack of progress within the program. The SMHTU Mental Health Counselor in conjunction with the Mental Health Treatment Team may modify the offender’s Treatment Plan as warranted, depending on his conduct/behavior while moving through any one of the levels.

The SMHTU Mental Health Counselor will complete an informal 30-day contact to assist with the determination if an offender will move from one (1) level to another.

At the end of 60 days, a formal 60-day review will be completed. The SMHTU Mental Health Counselor in conjunction with the SMHTU Mental Health Treatment Team will make recommendations to the offender about treatment goals and readiness for progressing up a level.

The Team will recommend and approve the following recommendation:

Retained in the current Level of SMHTU MH Program
Reassignment to a lower Level of SMHTU MH Program
Reassignment to a higher Level of SMHTU MH Program
Reassignment to a Transition Program.

The SMHTU Mental Health Team and Security Unit Manager may meet with the SMHTU offender to discuss exemplary behavior or significant misbehavior. Sanctions or rewards will also be discussed.

OFFENDER SERVICES

MENTAL HEALTH COUNSELING SERVICES

The SMHTU Mental Health Counselor will make rounds daily. The SMHTU Mental Health Counselor will provide individual counseling sessions in the therapeutic modules or restart chairs. Activity Therapy may be provided at the cell front or in the therapeutic modules or restart chairs. All appointments with psychiatry/psychology and group therapy will be held in the therapeutic modules or restart chairs.

LIBRARY SERVICES

Access to General and Law Library materials must be in writing and sent through the prison mail system. Offenders must sign for all material received and material is not to be swapped among any other offender. Days and time of delivery may change due to security or institutional needs or holidays. All efforts will be made to deliver legal material twice weekly. All efforts will be made to deliver general library material once a week.

CHAPLAINCY SERVICES

In case of an emergency, (death in family, serious illness, an injury to a family member, divorce, or some other family trauma), you should request the officer available to you, to contact the Chaplain for counsel relating to the emergency.

Religious materials and visits are available to you. Contact the Chaplaincy Office.

HEALTH CARE SERVICES

Sick call will be conducted for SMHTU MH offenders Monday through Friday by medical staff in a designated area. To ensure patient confidentiality, envelopes and the Health Services Request Form will be picked up by the nurse on daily rounds.

*****A more detailed SMHTU program handbook is available through the assigned counselor.*****
