PURPOSE: Professional Standards is responsible for inspections and internal investigations.

INSPECTIONS: STAFF INSPECTIONS – Inspections of procedures, facilities, property, equipment, personnel, and administrative/operational activities. Conducted outside normal supervisory procedures and chain of command. Personnel assigned to Staff Inspections have no command authority over line components. They operate through direct authority of the Sheriff. Staff inspections provide for improvement of the Sheriff’s Office. These inspections are not tools for lodging disciplinary action. Having no direct supervisor authority over the personnel or unit inspected, a staff inspector normally only reports findings to the Sheriff, unless the inspector observes activities that could jeopardize the reputation of the agency or gross violations of procedure. In this instance, the inspector takes steps necessary to ensure change in behavior or action. During the course of an inspection, efforts will be made to provide a supervisor from the Unit or special team to assist OPS personnel.

UNIT READINESS INSPECTIONS – Every four years OPS will conduct an inspection of specialized response teams and operational readiness to include Field Force, SWAT, Dive Team, Canine Services, Hazardous Device Team, and Air Support.

STAFF / UNIT READINESS INSPECTION FUNCTION: Goal - Increase effectiveness and improve standards of service.

Objectives:

1. Determine performance. Are policies, regulations, systems and procedures complied with? Has the operation developed as planned?
2. Determine achievement. Did the operation accomplish what was expected of it?
3. Determine use of resources.
4. Determine existence of need.

PRE-INSPECTION BRIEFING – Personnel assigned to conduct an inspection are briefed on general objectives and specific areas to be covered.

They include recommendations for improvement, and credit for a job well done when praise would apply. When it is within their authority to effect change, recommendations for improvement are made directly to unit/section supervisors.
