

A. PURPOSE. To prescribe assignment and use of numerical unit identifiers in Police Department radio communications

B. GENERAL REQUIREMENTS

1. All radio equipped Police Department units shall be identified by a alpha numeric unit identifier as prescribed by this procedure.
2. Personnel who have not been assigned a numerical unit identifier, but have need to use Police Department radio equipment, shall identify themselves by their assigned badge number or computer number.
3. Patrol unit identifiers shall be assigned according to beat assignment. Unit Commanders for the duration of the assignment shall assign other unit identifiers to individual employees. Unit Commanders are responsible to notify the Communications Unit of assignments and unit identifiers.
4. Patrol units assigned on F1 shall scan F3 if their assigned equipment has the capability. Units assigned to F3 shall scan F1 if their assigned equipment has the capability.
5. Assignment of other unit identifiers not directed by this procedure shall only be made upon approval of the Chief of Police.
