### **Merit Aid Suspension and Appeals:**

A student who fails to meet scholarship renewal requirements for at merit-based scholarship may appeal to have their scholarship reinstated. A student may submit an appeal only in cases of extenuating circumstances. Examples of extenuating circumstances for which a student may file a Scholarship Appeal may include a student's injury or illness, serious illness or death of an immediate family member, or other special circumstances. Each Scholarship Appeal will be reviewed individually, and decisions are made on a case-by-case basis as outlined in the procedures below.

The Scholarship Appeal process requires the submission of a written letter or statement by the student. This statement should outline the extenuating circumstances which led the student not to meet their scholarship renewal requirements. This letter or statement should include how the student's circumstances have changed and should state the student's plan for meeting scholarship renewal requirements in the future. The letter or statement of appeal must be submitted to the Financial Aid Office by emailing [scholarships@jsu.edu](mailto:scholarships@jsu.edu). The letter or statement of appeal should have correct grammar, spelling, and punctuation and should be written in a professional manner. The appeal MUST be accompanied by supporting documentation that supports the claims made in the letter or statement of appeal. If any documentation is provided by a professional (business, medial, counselor, clergy, etc.), the documentation must include that institution's professional letterhead, the professional's credentials, and the professional's signature. If a letter of support is provided by a personal referenced (teacher, family friend, etc.), the documentation must be signed by that reference.

Scholarship Appeals will be reviewed anonymously by a committee that consists of JSU staff. A student who wishes to appeal the decision of the Scholarship Appeal Committee may submit a request for a second review. The student will need to submit this request to: [scholarships@jsu.edu](mailto:scholarships@jsu.edu). Additional supporting documentation must be submitted with a second appeal request.

If a student's scholarship appeal is granted by the Scholarship Appeal Committee, the student will have their merit scholarship reinstated to the student's account. The student will be required to meet renewal requirements of their merit scholarship once their scholarship is reinstated.

If a student's appeal is denied by the Scholarship Appeal Committee, the student will not be eligible to receive a merit scholarship for the student's remaining time at JSU.

### SCHOLARSHIP DEFERRAL:

#### SCHOLARSHIP DEFERRAL DUE TO INTERNSHIP

JSU will defer a student's Merit-based Scholarship(s) based on the student's acceptance and completion of the qualified internship. JSU Career Services and the student's academic advisor will determine if the internship is qualified. The Financial Aid Office must receive verification of acceptance into the program before the Merit-based Scholarship(s) are removed from the student's account for the applicable semester.

Once the internship is completed, the student must provide verification of completion before the Merit-based Scholarship(s) will be applied back to the student's account. Notification to the Financial Aid Office is the responsibility of the student. A student will only be allowed to defer a scholarship due to an internship for a maximum of 2 times.

#### SCHOLARSHIP DEFERRAL DUE TO MILITARY

JSU will defer a student's Merit-based Scholarship(s) based on the student's enlistment into the United States Military. A student is required to email [scholarships@jsu.edu](mailto:scholarships@jsu.edu) of the student's upcoming enlistment, the dates of any training or deployment, the semester of deferring the scholarship, and the semester of intended return to JSU. The Financial Aid Office must also receive verification of the student's military dates before the Merit-based Scholarship(s) are removed from the student's account for the applicable semester(s).

Once the training or deployment assignment has been completed, the student must contact the Financial Aid Office prior to the semester of intended return to JSU. Once the student contacts the Financial Aid Office and submits documentation of training or deployment, the scholarship will be applied back to the student's account. Notification to the Financial Aid Office is the responsibility of the student.

#### SCHOLARSHIP DEFERRAL DUE TO MEDICAL REASONS

A student may request a deferral of a Merit-based Scholarship(s) based on a medical emergency or medical situation. The student will be required to email [scholarships@jsu.edu](mailto:scholarships@jsu.edu) to request a medical deferral of a Merit-based Scholarship(s). A student must provide a description of their medical situation along with the appropriate documentation. The student will also need to state in this email the semester for which a deferral is requested and the intended semester for return to JSU.

Once this information has been received by the Financial Aid Office and approved, the Merit-based Scholarship(s) will be removed from the student's account for the applicable semester(s). It is the responsibility of the student to contact the Financial Aid Office prior to the semester of intended return to JSU. Once the student contacts the Financial Aid Office and the documentation is reviewed and approved, the scholarship will be applied back to the student's account. Notification to the Financial Aid Office is the responsibility of the student.

#### APPEALS FOR DEFERRALS

If the student is unable to provide proof of completion of the qualified internship, then the student will have the right to appeal. The Scholarship Appeal Committee will make the determination if an exception should be made. The decision of the Scholarship Appeal Committee is final.
