SUBJECT: Capital Outlay Project Policy

APPROVED: John M. Beehler, President

PURPOSE

This policy establishes key controls relating to various sized capital construction projects.

POLICY

Capital Planning and Facilities has the responsibility for executing capital construction projects and complying with the requirements set forth in established Jacksonville State University Policy, the Code of Alabama 1975 and such federal laws and regulations as may be applicable.

Capital Construction project requirements:

- All capital construction projects \$50K or greater must be documented on a [Capital Outlay Project - Form 5](#).
- The completed Capital Outlay Project – Form 5 must be accompanied with documentation to support the estimated cost of the project (such as, renditions or schematic drawings as defined in Service A in Article 3 of the Standard Articles of the Agreement Between Owner And Architect (ABC Form B-2A)) .
- The capital construction project, as documented on the Capital Outlay Project – Form 5, must be properly approved prior to the engagement of a design consultant (defined as Service B in Article 3 of the Standard Articles of the Agreement Between Owner And Architect (ABC Form B-2A)) and the initiation of the bid process.
- The bidding process must comply with the Code of Alabama 1975 (Title 41, Chapter 16 and Title 39) and such federal laws and regulations as may be applicable (i.e., 2.CFR.200).
- All capital construction related contracts must be reviewed by the University Counsel prior to final approval.
- All capital construction contracts must be approved in accordance with the [Transaction Authorization Matrix \(I.05.03\)](#).

- No work can commence on a capital construction project until the project has been properly approved per the Transaction Authorization Matrix (I.05.03), bid, and a contract has been signed by the Vice President, Finance & Administration or President and a purchase order has been issued by the Office of Procurement and Fixed Assets.
