Testing services (e.g. road testing, written exams) are provided for Manatee County residents only.

Prior to **mailing vehicle renewal notices** to customers, Personal Injury Protection (PIP) and Property Damage Liability (PDL) insurance coverage is verified through the insurance database. PIP and PDL is also verified after the issuance of any license plate (original or renewal). If Florida insurance is not on file for your vehicle at that time, a Financial Responsibility suspension will be applied to your driver license record.

This type of suspension affects your driver license and any plates/registrations in your name.

If your license is suspended or revoked, we urge you not to drive to or from our office, as you may be ticketed or arrested by law enforcement if caught driving. (There are no exceptions or allowances in Florida Statutes [the law] that would allow a person to drive to a tax collector or driver license office on a suspended or revoked license.)

This type of suspension remains in effect for three years from the original suspension date or **until you comply with the following reinstatement requirements:**

- Present **proof of Florida PIP and PDL** in your name and in effect now. The proof of Florida insurance may be a card, policy, or binder, provided it lists PIP and PDL coverage. Or, Florida insurance for another policy/company must be presented.
- Pay the **reinstatement fee** based on previous suspensions, provided no other issues are on file making your record otherwise ineligible for reinstatement. This fee is in addition to any other fees due for other suspensions cleared at the same time.
