**Enforcement Issues** – Exemptions from Tow Truck Requirements:
• Car carriers that are capable of carrying five or more vehicles and have Interstate Commerce Commission authority.
• Tow trucks that are registered in another state with Interstate Commerce Commission authority.
• Tow trucks that are owned by a governmental entity and that are not used for commercial purposes.
• Tow trucks that are owned by a business not engaged in towing and/or storage for direct or indirect compensation. An example of this is a tow truck owned by a company to tow vehicles belonging to that company's fleet. Another example would be a tow truck used to pick up vehicles from salvage pools provided that the owner of the tow truck is also the owner of the salvage vehicle. This must be documented by title and/or bill of sale for the vehicle being towed.
