General:

- Local governments are authorized to levy, by resolution, a fee for each service or transaction carried out as an operation of a local field office of the Office of Motor Vehicles. The fee can be collected on driver's license transactions, suspension and revocation transactions, and registration transactions other than renewals. This fee is used solely to defray the costs of operations for offices not fully funded by the State.
 - **Note:** The fee is automatically assessed on applicable transactions and is based on the office in which the transaction is processed, regardless of the applicant's domicile address. For example, an applicant with a Baton Rouge address renews his/her driver's license in the Breaux Bridge office. He/she will pay the applicable fee(s) plus \$4.50.
