Section:  2. Driver's License Laws

Effective Date:  03/23/1987

General:

- Effective March 23, 1987, all suspended driver's licenses held by the Office of Motor Vehicles will not be returned to the customer, whether the license is current or expired. When a customer is placed in compliance and their license is still valid, they will be required to obtain a duplicate license and pay all applicable fees. If the license is expired, they will then be required to renew their license and pay all applicable fees.
- Applicants applying for a duplicate license with their clearance letter (Form LC20) are required to submit one additional type of identification.
- Any driver's license issued, whether it be duplicate or renewals, because of a suspension are not to be held for mailing.
